

the **neighbor** to have

Ray Vega, Phoenix
Operations Manager

El Paso Natural Gas has safely and reliably provided Arizona with natural gas for more than 75 years. The company's 5,000 miles of pipeline in Arizona serve major industries, including electric power generation plants and local distribution companies, which deliver the clean-burning fuel to your homes and businesses. Our 150 dedicated employees—your neighbors—work hard to maintain safe operations that are in harmony with the natural environment to ensure reliable natural gas deliveries, even through peak demand periods. For more information about El Paso Natural Gas, visit www.elpaso.com.
